**Attachments:** 2020.01.16 FINAL Petition for Emergency Action Pursuant to the Safe Drinking Water Act.pdf

Hi Loren,

Can we give Rosemarie a heads up about a drinking water issue in Region 10 (that we just heard about last Friday)? On 1/16, Region 10 received a "1431 petition" from NGOs to take emergency action to address nitrate contamination in the Lower Umatilla Basin in Oregon. We need to gather more info, but it seems like a quick heads up may be good b/c there's been press and it went to the RA. I scheduled a call for later this week with Region 10 and OGC to touch base. Preliminarily, I told Region 10 WED would want to help review the petition and response (citing our involvement in other Regions where these "petitions" have come in, such as Region 5).

Thanks,  
Carol
